

To whom it may concern:

I am writing to certify the Jaya Sayal served as a volunteer ESL (English as a Second Language) tutor with Literacy Network. She completed 3 hours of training and tutored for 6 hours during the summer of 2022. As an ESL tutor, Jaya worked with an adult student to help them improve their English language skills. Tutors help students practice reading, writing, listening, and speaking in English through different activities and modalities.

Jaya had good attendance and was a reliable tutor. We were grateful to have her as a volunteer in our program.

Sincerely,

Lilly Rotter
Volunteer Manager
